NEW FURNITURE PLANT ASSURED

Factory Will be Erected Near
Rushville Furniture Co.'s Building
By New Corporation

STOCK SALE IS CONTINUED

I. L. Endres and R. L. Tompkins
Permit Another Buyer to Take
Shelbyville Factory

A new dining room furniture factory, to be erected beside the Rushville Furniture Co., plant was assured when it was announced that I. L. Endres and Robert L. Tompkins had decided not to buy the plant at Shelbyville, Monday afternoon, on account of the confidence shown in them by the sale of fifty per cent of the preferred stock issue of \$75,000, which they required to erect a building in Rushville.

Up to Monday night the stock taken amounted to \$37,500, just half of the amount stipulated, and teams of canvassers were at work today calling on men who did not attend the court house meeting Monday morning and were not given an opportunity by personal solicitation Monday afternoon to invest in the stock.

Present plans call for the immediate erection of the plant, which will be equal in size and will have approximately the same capacity as the present plant of the Rushville Furniture company, which is devoted exclusively to the manufacture of bedroom furniture, and is now running at capacity.

Mr. Endres has been urged by several of his customers to make a line of dining room furniture, and when he was approached Saturday by a group of Rushville men regarding the erection of a plant in Rushville, he wired the H. Hermann Furniture company of New York City of the plan.

A telegram was received from this concern Monday afternoon, saying that they were very much interested in his project to make dining room furniture and they ask how much stock they could take in the new corporation.

This expression of confidence by one of the firms who will buy the product of the new plant, it is believed, will give Rushville investors further evidence of the fact that the element of risk does not enter into this factory project, as it does when a new manufacturing concern is started.

The H. Hermann Furniture company is associated with the H. Hermann Lumber company and the S. & H. Realty company, which do millions of dollars worth of business a year and deal in immense amounts of furniture and lumber.

The H. Hermann Furniture company, it may be stated on good authority, is in a position to

CLARA M. KUHN FILES A SUIT FOR DIVORCE

Charges Cruel Treatment, Neglect
and Failure to Provide in Com-
plaint in Court

TWO CIVIL SUITS FILED

Clara M. Kuhn has filed suit in the circuit court against Louis H. Kuhn, the complaint being for divorce, charging cruel treatment, neglect and failure to provide. They were married February 3, 1903, and separated July 1, 1923, according to the complaint.

They have resided in Shelbyville and on rural route 9, Rushville. She sets out in her complaint that he cursed her and called her vile names, and did not support her, which compelled her to seek employment. He left her on the day of the separation, and has since failed to live with her, according to the suit.

The Polz-Groenewald Company of New York has filed a suit against Walter S. Mansfield of Milroy, the action being to collect on an account that is alleged to be past due, and with the demand for \$75.

The Peoples National bank has also filed suit against Harry Clifford and Harvey Wikoff, the action being on a note, and the demand for \$875 judgment.

FIRST TO ANSWER CAMPAIGN

Postmaster A. L. Riggs Obtains an
Enlistment for Marine Corps

Postmaster A. L. Riggs of this city was one of the first postmasters to answer the Marine Corps recruiting campaign through postmasters, which was announced a few days ago, and which resulted in the local postmaster having one enlistment to his credit already.

Walter L. Floyd, a Rushville young man, who was transferred to recruiting headquarters at Indianapolis Monday, where he was accepted, and sent on to the Marine training station at Parris Island, South Carolina.

Postmaster recruiting for the Marines was started November 1 and is already bringing in good results, according to reports from the recruiting headquarters at Indianapolis.

CITY BOND ISSUE GIVEN APPROVAL

All That Remains to Complete Trans-
action is to Sell Bonds Since
Two State Boards Approve

ORDER RECEIVED HERE TODAY

Original Bond Issue was for \$30,-
000, But Was Reduced to \$14,500
—is Now \$14,400

The state tax board and the public service commission of Indiana have each placed their stamp of approval on the proposed bond issue for the city of Rushville for the amount of \$14,400, and all that remains now to complete the transaction is to sell the bonds.

The ruling of the state board of tax commissioners was made last week, when certain records were changed concerning the bond issue, and the approval also obtained from the public service commission. The question of the bond issue was reviewed at the last council meeting, when one member of the council demanded that some action be taken in the matter that had been delayed since last March.

The original bond issue, it will be recalled, was for \$30,000, which was remonstrated against, and reduced by the tax board to \$14,500 for the purchase of a fire truck and extension of a water line from the mill race to supply water. When the ruling was made by the tax board, the extension of the water line was referred to as an extension of the water mains.

Water main extension comes under the supervision of the public service commission, because it is related to the water and light plant, and when the bond issue for \$14,500 was sold to an Indianapolis bank, the transcript was found faulty because it did not include a decision of the public service commission on the water works extension.

In the meantime the original ordinance calling for \$30,000 was amended and reduced to \$14,400, instead of the allowance of \$14,500 as granted by the tax board. The rate of interest and amount of the bond coupons also were changed in the amended ordinance, and the matter was then taken up with the two commissions at Indianapolis and the stamp of approval placed on the issue.

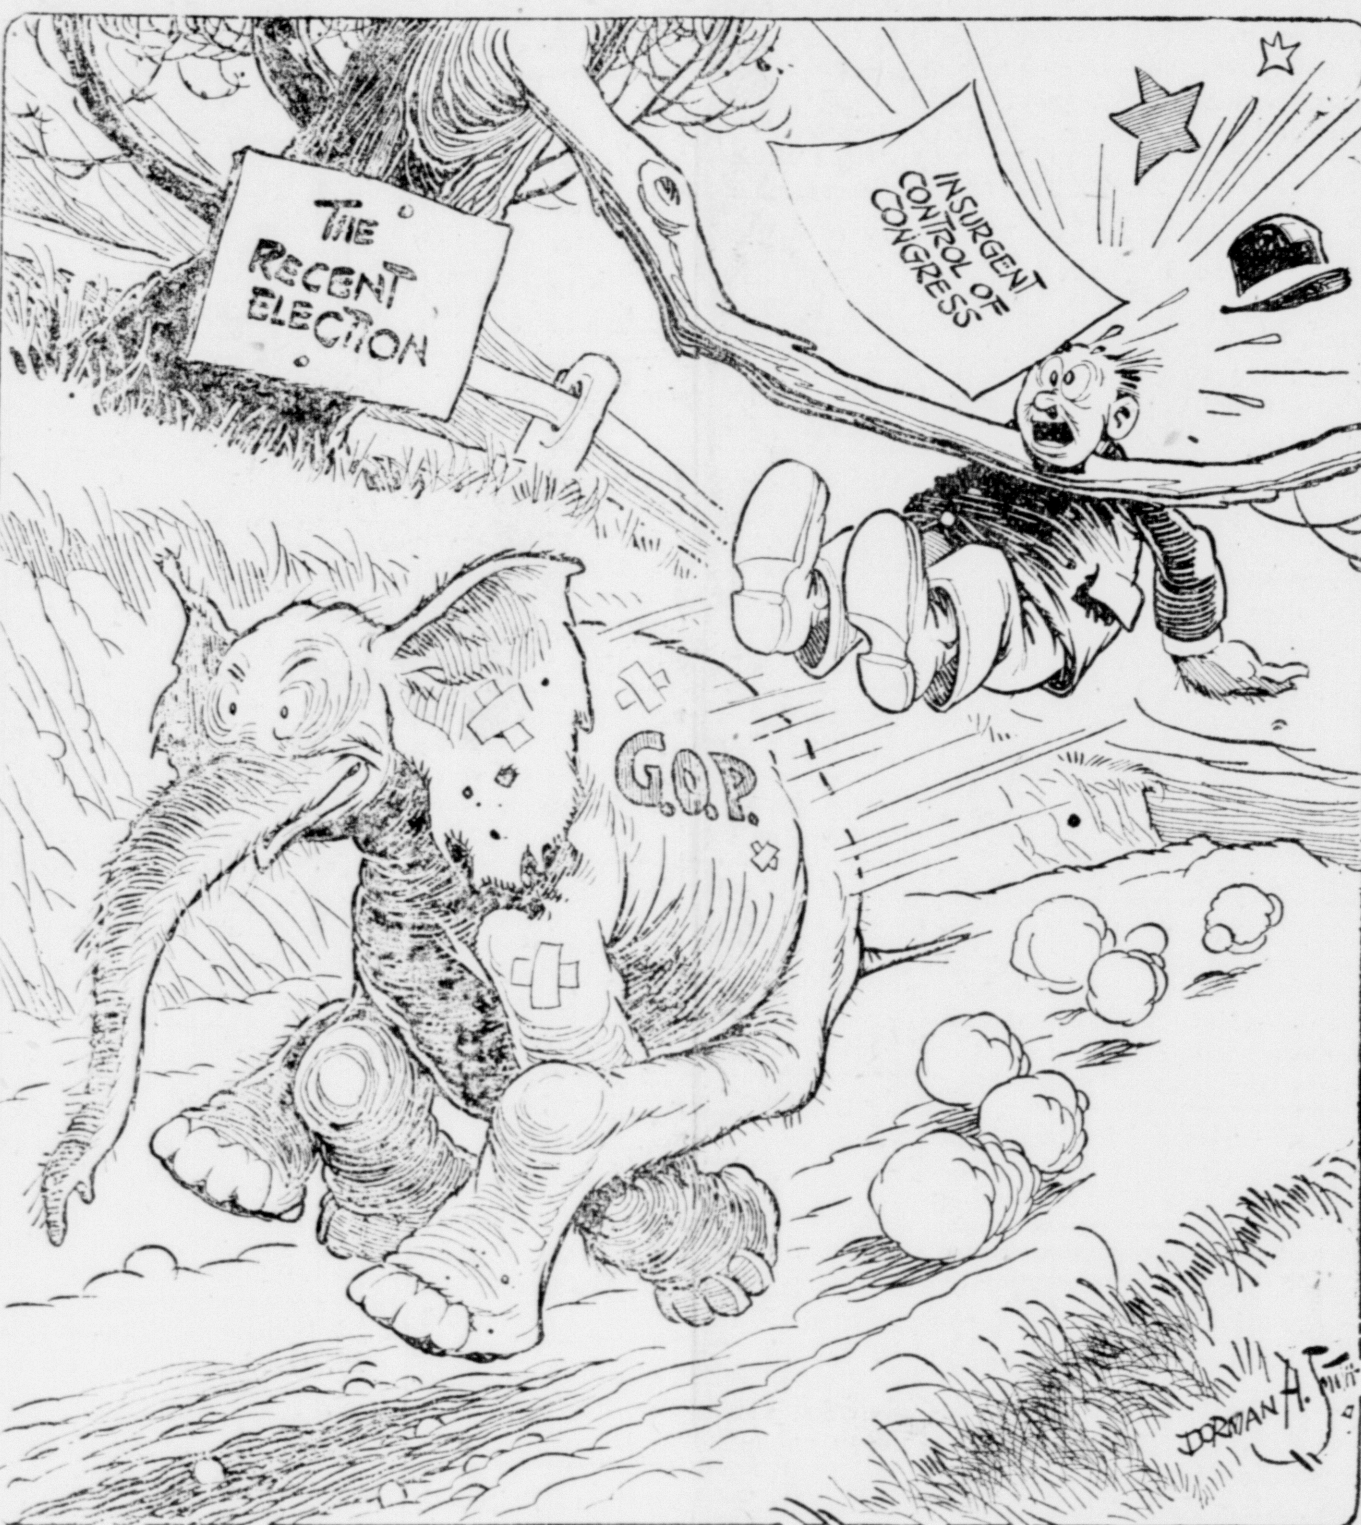

There is believed to be nothing now in the way to prevent the bond issue being legal in all respects, and it is expected that the sale of the issue will be advertised for the near future.

The order of the public service commission, approved November 7, was received here today. The order reviews the situation here in detail as contained in the findings of the tax board, in which it is also shown that the tax board was in error in referring to the water line extension as being connected with the water works plant, and that the proposed extension could be used for no other purpose, other than for fire protection.

Upon this ground, the public service commission approved the request, and in their order, sets out the following:

"It is therefore ordered by the public service commission of Indiana, that the city of Rushville be

FLOWER SALE YIELDS \$130.48

War Mothers Retain \$32.37 as
Their Share of Proceeds From
"Forget-Me-Not Day"

FOR DISABLED SOLDIERS

Recommended that Sum Going to
Local Chapter be Used for the
Same Purpose

The War Mothers today made their report of the sale of "Forget-me-nots" in which a total of \$130.48 was donated by the people who wore the little blue flowers Saturday and of this amount, the local chapter will retain \$32.37.

The drive was made Saturday on the streets of Rushville, in keeping with the movement throughout the state on that day to raise money for the disabled soldiers. Mrs. John Cooning, in charge of the drive for the War Mothers, reported this morning to the state department, and sent them their share of \$97.11.

The difference between the share for Rushville and the state is accounted for by expenses incurred in the drive. This was the first year that the local chapter has been given a percentage of the money received, and the share was one-fourth, after the expenses had been paid.

The drive last year netted \$118 which went to the state department for disabled soldiers. In the campaign this year, the one-fourth that is left in the community, it is urged that it be spent by the War Mothers among disabled soldiers here at home.

Mrs. Cooning spent Monday in Milroy and the sale there realized more than \$10, which is included in the above report. The drive here was a success, but it had been expected that the sale would have reached the \$200 mark, as this was the goal set by the War Mothers.

Mrs. Cooning on behalf of the War Mothers, today extended her thanks to the community for contributing to the fund, and also thanked the four girls, Betty Innis, Judith Maury, Margaret Winship and Dorothy Rugenstein, for assisting them in selling the flowers on the streets last Saturday.

JOE LAKIN FINED

An affidavit was filed in police court Monday afternoon by Minnie Lakin against Joe Lakin, charging him with assault and battery. He appeared later and was fined \$5 and costs by Mayor Thomas, which was paid.

Bells Ring and Whistles Blow at Eleven O'clock Today

The only recognition given Armistice Day locally was the ringing of bells and the blowing of factory whistles at 11 o'clock the hour when the armistice was signed six years ago today.

The day was not observed as a legal holiday by the banks or postoffice and business went on as usual.

Some reference was made to the day in the city schools, but there was no observance in the township schools. County Supt. Farthing said.

Mayor Thomas, in a proclamation Monday, asked that everyone pause during the day long enough to reflect on its significance.

FATHER AND SON'S WEEK IS PLANNED

Plum Creek Hi-Y Club, a Unique
Organization, Will Observe Oc-
casion With Banquet

JUDGE SPRINGER TO SPEAK

Effort Made to Have Every Boy Over
10 Years of Age Present—
Older Boys Conference

November 9 to 16 has been set aside as Father and Son's Week and is to be observed throughout the country by the Y. M. C. A. and its affiliated organizations. The Plum Creek Hi-Y club, which is a rather unique organization in that it is probably the only strictly rural Hi-Y club in Indiana, if not in the United States, is planning to observe the week with a series of events, starting this evening.

At this time the club will hold its regular meeting in the Ging school building. The parents of the boys have been extended an invitation to attend and become familiar with the work of the organization.

On Thursday evening a Father and Son's banquet will be served at Plum Creek church. A program of songs, talks, formal and informal, and of fun has been arranged for this event. Judge Raymond Springer of Connersville will be the principal speaker, having for his subject "Father and Son, Incorporated."

Other speakers will be Oscar H. Rees and Carrol Rees speaking on (Continued on Page Five)

8 INMATES OF HOME DEAD

Seventeen Seriously Ill Also at Elks
National Institution

Bedford City, Va., Nov. 11—Eight inmates of the Elks National Home here are dead and seventeen are seriously ill and not expected to live as a result of drinking cider which contained arsenic here yesterday.

The dead include Joseph A. Kenney of Marion, Ind.

All available doctors in the surrounding counties have been rushed to the home to aid those who are stricken, three going from Bedford, two from Roanoke and two from Lynchburg to aid the overworked hospital staff.

Robert A. Scott of Linton, Ind., home member of the board of trustees of the Elks has ordered that no expense be spared in aiding the sufferers.

NEW STREET TO BE TORN UP

Break in Water Mains Discovered in
Front of Baptist Church

A break in a water main at Sixth and Morgan streets, will cause a portion of the new asphalt street to be torn up, because the leak became so visible today that it is feared that the water beneath of asphalt might cause the material to decay. The leak was first noticed two weeks ago, and today the water began to surge up, appearing between the bricks that are along the street car rails.

The water will be turned off at four o'clock in the morning, while city workmen get started at tearing up the new street in front of the Baptist church in search for the break. The cause of the break could not be accounted for, because all lines were gone over carefully before the street was paved.

WORLD PEACE NOT SO NEAR, HE SAYS

Rev. Gibson Wilson, in Armistice
Day Address, Declares it Looks
Like Old Order Is Returning

ASSERTS FEAR CAUSES WAR

Local Pastor Pleads for Outlawing
of War—Several Guests at Ro-
tary Meeting

The Rev. Gibson Wilson, pastor of the First Presbyterian church, delivered an Armistice Day address before the Rotary club today noon on the subject, "The Coming Armistice," expressing the view that world peace did not appear to be as near as it did six years ago.

Dr. John T. Seall, Jr., district superintendent of the Methodist Episcopal church, was introduced as a new member, and E. B. Thomas of San Juan, Porto Rico, a former active member of the club and now an honorary member, attended the meeting. Three other guests were also present.

"Six years ago," said the Rev. Mr. Wilson, "the bells were ringing and everyone was happy, because we were hoping things would take a different course, but it looks like the old order is returning."

The minister enumerated the new engines of war that have been devised as indicating that nations still believe war a grave possibility.

"I am lifting my voice to protect those of the future generation," he asserted, "as he pointed out that those yet unborn would have to suffer for the wrongs of today."

War is due to fear, not hate, the pastor declared, and "We as men could take hold of this great business and create universal good will."

COURT OF INQUIRY ON ARSON SUSPECT

Elsie Davis Taken to Indianapolis to
be Questioned by Newman Miller,
Fire Marshal

OTHER WITNESSES ARE CALLED

Mrs. Elsie Davis and her husband Charley Davis were taken to Indianapolis today by Sheriff S. L. Hunt and Mr. Pugh, first assistant state fire marshal, where a court of inquiry was to be held this afternoon in the state house by the officers in connection with the charge of arson preferred against Mrs. Davis.

The assistant fire marshal came here yesterday and started the investigation of the charge against the woman, who is accused of having set fire to the barn on the G. P. Maury farm last Wednesday night.

Her husband was taken along this morning in order to be used as a witness and other witnesses were ordered to report to the office of Newman T. Miller, state fire marshal. The woman is held on a technical charge of arson, pending the investigation of the affair by the grand jury, and in the meantime the state department is taking a hand, and will assist the state in having the matter completely investigated.

RED CROSS ROLL CALLOPENS TODAY

Instructions Issued to Auxiliary Or-
ganizations in the Townships to
Make Annual Appeal

ORGANIZATION KEPT INTACT

Must be Maintained in Order to Re-
tain Charter and Fund Held for
Emergency Purposes

The executive committee of the Rush county chapter of the American Red Cross, has issued instructions to the auxiliary organizations in the various townships in the county for the annual roll call for memberships in a letter to the workers of which the following is a part:

"From this date, Armistice Day, until Thanksgiving, November 27, the Rush county chapter of the American Red Cross will conduct its annual Roll Call for memberships. Between these two historic dates, the ending of the world war, and our national festival of thanksgiving the Red Cross invites the citizens of Rush county to enroll for service. The Red Cross has become a part of our national life, a recognized institution for good a potent factor for service in the interests of humanity."

"During the war the importance of the Red Cross service was universally recognized, and generously supported. Yet, it is a peace-time rather than a war organization. It is engaged at all times in the work of alleviating human suffering, the relief of distress resulting from disaster or calamity, of whatever character."

"The Rush county chapter has in the past, and is still doing important work in securing relief for, and rendering service to ex-service men. It is established and maintained for a year and a half a nurse service in connection with the public schools of Rush County."

"The only source of revenue for the maintenance of the Red Cross, keeping it in readiness to meet emergency, and rendering service, is the fund created by dollar membership subscriptions. It is a duty and a privilege to participate in this service."

"The achievements of the Rush county chapter should insure for it a generous support in this annual call for membership renewals."

Because no attempt has been made during the past few years to give publicity to the activities of the Rush county chapter of the Red Cross, many citizens of the county seem to think that it has ceased to function, but such is not the case. It has been tested in war, and in the (Continued on Page Six)

BUSINESS MEN ARE INVITED TO ATTEND

Co-operative Marketing School Will
be Held in Court House Assembly
Room Wednesday

SUBJECTS TO BE DISCUSSED

Rushville business men are invited to attend the co-operative marketing school, which will be held in the court house assembly room Wednesday at 9:30 a. m., to get an insight in the farmers' co-operative selling agencies are conducted.

The school will be conducted under the joint auspices of the Indiana Farm Bureau Federation and the National Council of Farmers' Co-operative Marketing Associations, and will be led by Walton Peet, widely known co-operative marketing authority and secretary of the council.

Subjects to be taken up in the schools include methods of financing cooperative associations; duties and responsibilities of board of directors of co-operative associations; legal responsibilities of directors; efficient management of co-operatives and relationship of Farm Bureaus to the co-operatives.

The school conducted in Indianapolis drew attendance from all parts of the state and the arrangements for a series of these schools is in response to a widespread demand from co-operative organizations that additional instruction along these lines be given.

Finds Kellogg's Bran "Easy way to avoid constipation" after suffering for years

Constipation is a dangerous disease. It can lead to many others. Twenty years' suffering with constipation determined this man's health. Kellogg's Bran restored it—as it has done for thousands. This is what he says:

"Gentlemen:

After eating Kellogg's Bran twice a day for one month I find it not only an "Easy Way to Avoid Constipation," but an easy and most pleasant way to cure it. I have been troubled with constipation . . . for more than twenty years . . . after adopting the milk and bran diet I find my stomach greatly improved, and find it a specific for constipation.

. . . I deem it only justice that you should know what your product has done for me, and what it is capable of doing for others."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to bring permanent relief—or your grocer returns your money. You should eat two tablespoonfuls daily—in chronic cases, with every meal.

The flavor is delicious—nut-like—cooked and krumbled. Enjoy it with milk or cream, sprinkled on other cereals, cooked with hot cereals, or in the delightful recipes on every package. Made in Battle Creek. Sold by grocers everywhere.

—Mrs. Mary C. Brown and her cousin, Mrs. Jane Yohe of Elwood, Ind., spent the day in Shelbyville the guests of Mr. and Mrs. A. F. English.

—Mr. and Mrs. Fred Osborne have returned to their home in this city after spending a few days with Mr. and Mrs. Harry Osborn and family in Louisville, Ky.

—Mrs. Lincoln Giffin has returned to her home in this city from Greencastle, Ind., where she spent a few days with her daughter, Miss Margaret, who is a student of De Pauw University.

—Mr. and Mrs. Jacob Meyers, Mr. and Mrs. Donald Meyers, and Ebert Meyers went to Connersville this afternoon, where they will attend the funeral services of Mr. Meyers' mother, Mrs. Mathew Meyers, Wednesday.

NEW FURNITURE PLANT ASSURED

Continued from Page One

authority, would take the total output of the proposed dining room furniture factory, if the management were disposed to sell all that is made in one territory.

It is known that Mr. Endres and Mr. Tompkins have had the idea of erecting a dining room furniture factory for some time, and they always preferred Rushville, because their other plant is located here, but when the factory at Shelbyville was offered for sale in receivership proceedings, they put in a bid because it would serve their purpose and it represented an investment which they could handle.

The only thing that stood in the way of building a plant here was the financing, and when Rushville business men showed Monday that they were back of the project and willing to raise enough money to pay for a plant on ground owned and provided by the Rushville Furniture company, the local manufacturers expressed their willingness to go through with their plans here.

The stock will pay five percent dividends and is non-taxable. It is regarded as a safe investment on account of the record which the Rushville Furniture company has made. The subscriptions on the stock will not be paid in cash, but 25 percent will be required as soon as building operations are started. Interest will begin with the first payment on the stock. Other payments will be made upon call as needed to complete the building.

The following have subscribed for stock:

Charles E. Francis Co., C. E. Francis Co., for Booster's Club, Harry G. Francis, George J. Grieser, L. Link, A. L. Riggs, L. M. Sexton, George C. Wyatt, Harry A. Wyatt, Warder Wyatt, J. C. MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Massena, N.Y.—"I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. A friend who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I can not praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer."—Mrs. DELBERT BUSH, R. F. D. 1, Massena, N.Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice.

These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs. Isn't it reasonable to expect the same results?

If you have pains and a dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give the Compound a trial.

"BRAINS" OF GANG GIVES UP

Brent Glascock Confesses Part in Roundout Mail Robbery

Chicago, Ill., Nov. 11—Brent Glascock, alleged "brains" of the Roundout, Illinois, mail train robbery in which armed bandits looted the mail train of one million dollars today pleaded guilty to participation in the robbery immediately prior to calling the case to trial before Judge Cliff. With Glascock, Jeff and Joe Newton also pleaded guilty. Willie and Willis Newton previously had pleaded guilty.

The action leaves only one man to go on trial who participated in the robbery. Three others, including William Fahey, postal inspector, are under indictment for planning of the holdup.

**BIBLE THOUGHT
FOR TODAY**
Bible thoughts memorized will prove a priceless heritage in after years.

Speak the Good Word:—
Heaviness in the heart of man maketh it stoop; but a good word maketh it glad. Proverbs 12:25.

Prayer:—O Lord may Thy spirit apply to us the redemption of Christ, then we shall have the merry heart that doeth good like a medicine.

The New Factory

The acquisition of a new furniture factory, such as the one proposed as a mate for the Rushville Furniture company's plant, to manufacture dining room furniture, is an achievement of which Rushville may well be proud.

The addition of this new enterprise will mean much to the industrial life of the city and will add to its prosperity, because nothing stimulates business like increased pay-rolls.

It is doubtful if any city the size of Rushville ever met with such good fortune as to be afforded an opportunity to locate a factory with its organization already made and a market awaiting its products.

The risk that is usually entailed in establishing a manufacturing industry is no part of this enterprise. There is no bonus required, no building to be given, no site to be provided; all that was asked of Rushville was to subscribe to preferred stock that is safe. The guarantee that is gilt-edged comes from the assurance that the business will be successful because those who will guide it have proved their ability as manufacturers of furniture.

The element of risk that is present when a new factory is established has been entirely eliminated because the buyers of furniture will know that they are buying a product with merit on account of the good name the Rushville Furniture company has already built up. They have shown their confidence in the company, which is evidenced by the fact that the plant is doing a capacity business, and they will place the same confidence in the new business because it will be under the same management and will be conducted along the same lines.

Rushville citizens who want to see the city grow and thrive should

sound business judgment in refusing to permit the management of the Rushville Furniture company to buy a plant in Shelbyville. Time will prove that they acted wisely in inducing the heads of the organization to carry out its expansion program here, and Rushville and the company as well will profit from the arrangement.

Thrills

So many of us are in a hurry and don't know where we are going. It is characteristic of the age—constantly seeking a new thrill, a new sensation.

A young man bought a new automobile, had it a few months and boasted that he had run it ten thousand miles.

"Where have you been?" he was asked.

And he answered, "Oh no place in particular—just around."

Around expresses it—traveling around in circles.

He was out in search of a thrill that he had never experienced before. And he had been no place.

And many folks not so young are endeavoring to live on thrills.

There are people who literally tremble at the thought of being left alone at home one evening with themselves.

The art of enjoying an evening of relaxation with a good book has largely been lost, because of the nervous unrest that abounds, and the demands of the multiplying activities that take us away from home.

As a people we very generally have ceased to form opinions of our own, based upon sound judgment, but are content to accept second-hand views, being moved by selfish appeals that are based upon prejudice or greed or pettiness.

We may have wonderful machines to do our work and for our amusement, but no machine will ever take the place of the mind.

The greatness of America will spread and have a benign influence over the world, due to our per capita intelligence, rather than from our per capita wealth.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — The honor and work attached to the job of being president are not all that the voters handed President Coolidge on Nov. 4.

The emoluments and perquisites that go with the office are no mean considerations in themselves.

To one of Coolidge's thrifty tendencies, these mean no little in a material way, toward provision for the future.

Of course all these come merely as incidentals, but New England common sense forbids that even incidentals be slighted when they may help make things more cozy for a future rainy day.

CHIEF of the material emoluments Coolidge will receive as president for the next four years is the \$75,000 annual salary—payable semi-monthly. There is an additional travel allowance of \$25,000 yearly, to be drawn on as needed.

Doubtless a substantial part of this will be returned to the treasury each year during Coolidge's regime. For the president is not a gadabout.

A further direct factor of pay is the executive mansion, as residence, furnished, lighted, heated and staffed at the cost of the nation.

The presidential perquisites, however, make up an imposing list.

He has a private office in the capitol, glittering with gold and crystal, at which touring visitors gaze in awe.

He has a flock of the finest automobiles; a private detective and police force; a private art gallery; a private library; a private yacht when he travels by water and a private railroad train, if he goes by land.

PRIVATE greenhouses supply fresh flowers for his desk and dinner table, and half a dozen brass bands are on call when he wants stirring music.

A personal physician looks after the physical welfare of himself and his family and he gets the right of way over all telephone and telegraph wires when he wants to send a message.

He eats on fine linen which has the coat of arms of the United States woven into its texture, from china and glassware bearing the seal of the U. S.

And at Thanksgiving and Christmas ardent admirers send in the biggest turkeys and the fattest possums to burden the presidential table—and digestion!

With the election over, the immediate political puzzle absorbing attention in the capital is:

"What will Bill Butler get out of it?"

For the opinion seems unanimous that the Boston wool baron who managed the Coolidge campaign, both for nomination and election, will be added to the official household.

But in what capacity? As cabinet officer? As emissary at some foreign capital? Or what? Everybody's guessing, but no one knows.

Wholly unofficially, he has been proposed for postmaster general or secretary of commerce. What either Coolidge or Butler think on the subject has not been disclosed.

Rumors have been current that Postmaster General New would not be included in Coolidge's cabinet, but that is purely speculative, based on the assumption that the post will be needed to place one purely of Coolidge's choice, and that New might like to withdraw to build fences for the 1926 senatorial fight in Indiana.

WHO will say now that Calvin Coolidge hasn't a real sense of humor? On the very day after his overwhelming election, he issues a proclamation of Thanksgiving.

OCTOBER 1924 HAD

TWO RED-LETTER DAYS

On October 7th two opposing generals in the World War took the position of "Pacifists," before the World Peace Congress, and on October 17th the Disciples of Christ, in convention at Cleveland passed resolutions "outlawing war among the nations of the Earth."

These reports furnish good reading. That from Berlin and the one from Cleveland is herein copied from the Indianapolis Star.

From Berlin, we read: "The two 'Peaceful Warriors' were General Vaux of France, commander of the 4th army division during the hostilities and now professor in a French military academy, and General Von Schoenaich of Germany, who was active on the Roumanian front during the war, and who is now head of the Republican Guards. They told the congress that partial gradual disarmament was impractical and declared that only complete general disarmament could save the world. * * * Future war, with gas, and germs, will wipe out European civilization if permitted to break out. * * * General Schoenaich accused the officers of the old regime who still cling to the old militaristic ideas as being 'either fools or cowards.'"

From Cleveland we read: "Whereas, the Christian conscience of the world is more and more coming to recognize that war is neither inevitable a supreme violation of the teaching and spirit of Jesus, that it is the most colossal and ruinous social sin which afflicts mankind today, that to wage war again on a great scale, with the ever-increasing destructiveness of its weapons, would seriously threaten the existence of civilization; therefore, be it resolved etc."

The language of these reports has a very strong tendency to strip war of its glamour that lured immature youths into the ranks of folly-gone-mad; but, and if we stop here we have lost the greatest opportunity of this present age. If scientific war is destructive, scientific peace is constructive; if scientific war blasts and destroys all that is beautiful in God's world, scientific peace will restore, according to a divine plan, the bloom of youth among the nations of the earth. If scientific war laid waste the cities of those nations where the plague was most viciously active; scientific peace will point the nations to "that city whose builder and maker is God."

"City Planning" is a great study of the present time, nevertheless it should be remembered that to plan an enduring city is to plan a city wherein dwelleth righteousness. War is not in itself a disease, war is

first of all a result of wrong training. War is costly, we often say; yes, but peace is also costly. The difference is that when we buy peace we get "value received" and when the nations buy war they are poorer than in the beginning.

Student travelers tell us that the hundreds of millions of "little men" in the Orient are at last awakening to Western civilization; it is up to this generation to tell what that awakening shall be. Shall it be modern war with all its horrors or shall it be the arts and sciences of a peaceful people? As the twig is bent, the tree is inclined. Western nations can make of the little brown and yellow men brothers in a common brotherhood, or they can sow the seeds that will bear a harvest of woe, if not the destruction of occidental civilization.

Europe has set the example; if the East follows that example, a hundred years will not reveal the conclusion. China alone could furnish "cannon fodder" for half a century and not reduce her population to any considerable degree but, if gas and germs enter into the program then we would need a new language and new forms of speech to record the progressive horrors.

If the world does not arise from its baptism of blood of the last decade to walk in a new life, then history must go on repeating itself in a story of pain and sorrow indefinitely. We need a new code of international ethics as well as of law. We need a new spirit, born of the Gospel of The Man of Galilee, to take away this stupendous and heart rendering folly among the nations.

The time is at hand when the American people—the leaders of world thought—need something more than "patriotism"; or possibly they need a new spirit in their patriotism. I never see little children "salute the flag" that I do not think of those familiar words from the old book that read: "thou shalt not make unto thee any graven image, or any likeness of any thing that is in the heaven above or that is in the earth beneath."

Were those children guilty of the sin of idolatry? I leave it for the reader of these lines to answer. The national emblem of every nation under heaven, is soaked with the blood of mankind.

A curse for a groan and a cheer for a yell—
Pale glut of hate and red rapture of hell.

SAFETY SAM

Some people are so lucky that if they fell into a manhole, a cold snap 'd be comin' on 'n' a bucketful o' coal 'd fall off a truck right in their hands!

The Larger Service

The larger service is not typified by the store-keeper who delivered a spool of cotton in a five-ton truck manned by three men.

Nor is it typified by the man who attempts to unload the contents of a freight car with a market basket.

The larger service consists of giving the people what they want, when they want it, at a minimum cost of time, labor and money. This, the Standard Oil Company (Indiana) does.

Cost and waste are closely related. Cost is controlled and waste is eliminated by the same factors—capable management and intensive organization.

The Standard Oil Company (Indiana) has lowered consistently its manufacturing costs by creating new and useful products from that residue of petroleum which had been acknowledged as waste.

Each new product created has been made to bear its true proportion of the manufacturing costs of all products taken from the single base—crude petroleum.

The benefits accruing from this economy have been passed to the consumer in lower prices and improved service.

Because the business of the Standard Oil Company (Indiana) is balanced to a fine point there is no slack season. A shut-down in its manufacturing plants seldom occurs. There is no waste effort or unnecessary overhead expense to be absorbed. Products flow through the manufacturing channels of this Company uninterruptedly and are sold at natural—not artificially maintained—prices.

Such a condition in the Standard Oil Company (Indiana) is not a circumstance, it is a policy—for experience has demonstrated that manufacturing cost, selling price and quantity production are inseparable.

The Standard Oil Company (Indiana) is inspired by a determination to render the most comprehensive service—the larger service. This means a tremendous turn-over, with a small profit per unit of sale.

It is on this foundation that the Standard Oil Company (Indiana) has become one of the truly great institutions of America—a constructive force for good—and an influencing factor in solving problems closely related to the social and economic welfare of the thirty millions of people in the Middle West.

Don't Think About Victory Over O-hio State, But Remember Defeat by Wabash, I. U. Coach Says

OUT FOR REVENGE SATURDAY

Freshmen Eleven, Using Wabash Plays and Formations, Makes Appearance Against Varsity

Bloomington, Ind., Nov. 11—"Don't think about the victory at Columbus last Saturday; think about the defeat Wabash gave you last year and what you are going to do next Saturday in revenge," Coach Navy Bill Ingram told the members of the Indiana university football squad in outlining his plan for the week.

Although Wabash has not had a championship record this season, Ingram realizes the Little Giants will enter the Indiana contest at Bloomington feeling that they have everything to gain and nothing to lose, and will prove one of the most formidable opponents the Crimson has. The Crimson mentor also is looking ahead to Purdue the following week and will drill doubly hard both this week and next to insure a well prepared team for this contest.

None of the Scrapper Hoosiers were injured in the Ohio state contest, so a short scrimmage between the second and third teams was included in the Monday afternoon practice session. The first team was given an easy drill, spending most of the afternoon in signal drill and punting practice.

The freshman eleven, using Wabash plays and formations, made its appearance against the varsity in a long scrimmage yesterday afternoon. The afternoon was spent in attempting to break up the much touted Wabash aerial attack, which proved disastrous to the Indiana eleven last year.

Marks, Abel and Ruman are again receiving special attention in punting, as Coach Ingram realizes that Singleton is one of the best punters in the state and an exchange of punts with Indiana on the short end may prove the forerunner of a touch-down against the Crimson.

Saturday's contest will be the last home contest for the Scrapper Hoosiers and a record breaking crowd is expected. Workmen are erecting additional seats on Indiana Field to accommodate the spectators.

Dear Mother

"I know George and Alice both need Cod Liver Oil,—and need it badly as all thin, puny, run down kids do. But it gives me the most horrible shivers just to think of them taking the horrible stuff."

Instead of the nasty tasting, vile smelling oil itself why don't you be up to date and give them McCoy's Cod Liver Oil Tablets. It's the new way to take Cod Liver Oil—they are as easy to take as candy—won't upset their stomachs and surely do help sick, ailing people to get well again."

"Have pity on the poor kids,—mother, and take my advice—you can get the original and genuine McCoy's Cod Liver Oil Tablets at F. B. Johnson Co., or Pitman & Wilson or any real drug store—and 60 tablets cost only 60 cents. Be sure and get McCoy's, mother—everyone says they do help the sick kiddies to grow strong and robust."

Love to all, hastily—

ALONG THE SIDELINES

Chicago—Stagg's Maroons countered the freshmen in offensive drill and a short scrimmage to perfect the diversified attack they will use against Northwestern Saturday. The team is in excellent physical shape despite Saturday's hard game.

Evanston — Development of the fighting spirit on a large scale constitutes a major part of Coach Thistlewaite's preparation for Northwestern. Captain Weinecke, will not be in Saturday's lineup against Chicago because of injuries.

Urbana—Saturday's tie caused drastic changes in Zappke's usual practice schedule for Illinois. Scrimmage was ordered last night, the first stiff Monday work of the season. "Red" Grange was the only regular to escape the gruelling practice.

Madison—Coach Ryan's Badgers worked out beneath a dreary, rainy sky in keeping with the team's spirits after its crushing defeat by Notre Dame. A "never say die" attitude took possession of the players before it was over, however.

Bloomington—Regulars were excused from practice yesterday and preparations for the Indiana-Wabash battle were delayed until today.

Columbus—Readying his team for the invasion of Michigan Coach Wilce started early this week by sending his regulars through light work out.

Iowa City—Weak spots in line which came to light in the Butler game received attention of Coach Ingwersen as he got ready for Wisconsin.

South Bend—Coach Rockne excused his first and second Notre Dame teams as the Nebraska jinx battle preparations were started.

Cambridge—Len Robb, regular end of the Harvard varsity is definitely out of the lineup for the rest of the season with a broken foot he suffered in the Princeton game.

Princeton—Princeton coaches will devote the week to keeping the varsity at the top of their game as displayed against Harvard and will not attempt anything new in the way of offensive for Yale. The players all came through in fine shape from the Harvard game but were given a rest yesterday.

Annapolis—The Middies were much cheered by the announcement that Wickhorst, powerful left tackle and Folsberg, regular back, who have been out of the lineup most of the season with injuries, would return to the team today.

Lewis Stone at Princess

One of the most unusual situations ever used in a photoplay marks "Husbands and Lovers," a First National picture, directed by John M. Stahl, which is now enjoying a sensational run at the Princess theatre. Lewis Stone, Florence Vidor and Lew Cody are the players who take part in the scene.

The setting is that of a country estate at night. The mansion is brilliantly lighted and from within come continuous strains of music, intermingled with laughter. Suddenly a young and beautiful woman, garbed in the costume of a bride, appears on a balcony and looks up at the sky. Within a short time she will be going through a marriage ceremony, but there is no happiness in her expression. Just as she is wiping away a tear she sees the form of a man on the lawn below.

"Jim," she cries in amazement. "Grace," replies the man, brokenly. "Do you really love Ray?"

"No," came the emphatic reply. "Please take me away, Jim."

APPEARS ON PROGRAM

Merle Edward Maupin, son of Mrs. Glen Miller of this city, was one of three artists who appeared at an Exposition of chamber and classical music in Chicago last Thursday under the auspices of the Y. M. C. A. of McCormick Theological Seminary, where Mr. Maupin is a student. The program dealt with the work of romantic composers and Mr. Maupin played a group of three numbers, another group of two numbers and appeared with John Maxwell Adams, a pianist, who, with Mr. Maupin and H. T. Baer, baritone, gave the program.

MAIL FRAUD CASE STARTS

District Attorney Begins Presentation of Evidence in Hawkins Trial

Indianapolis, Ind., Nov. 11—Homer Elliott, U. S. district attorney started presentation of the government's case in the \$20,000,000 Hawkins Mortgage mail fraud trial shortly before noon today.

A jury to hear the case was secured during the morning session. Thirteen veniremen were dismissed before the jury was impaneled.

All defendants in the case were present with the exception of Morton Hawkins of Portland, president of the Hawkins Mortgage company and chief defendant, when the case was called.

Elliott in presenting the government's case declared that the Hawkins Mortgage company and affiliated welfare loan societies throughout the country had sold millions of dollars in worthless stock by representing the stock to be making eight per cent on the investment.

FUNERAL THURSDAY AT 2 P. M.

Services for Mrs. Maria Vorhis Clawson, Who Died Monday

Funeral services for Mrs. Maria Vorhis Clawson, widow of the late Joseph Clawson, who died Monday at the home of her daughter, Mrs. B. L. Traube, 715 North Harrison street, will be held at the late residence Thursday afternoon at two o'clock and will be conducted by the Rev. E. G. McKillen, pastor of the First United Presbyterian church. Friends may call any time. Burial will be at East Hill.

In addition to the daughter and two sons, announced Monday, Mrs. Clawson is survived by four grandchildren and one great grandchild, another grandchild, Marie Clawson Alexander, having preceded her in death. Mrs. Clawson was born in Hamilton county, Ohio, and came to Rush county 48 years ago. For the past 16 years she had lived in Rushville.

FATHER AND SON'S WEEK IS PLANNED

on "Son, Through Dad's Specks" and "Dad, Through Son's Specks", respectively. R. J. Duke, assistant state secretary of the Y. M. C. A., will be present and will speak upon the subject "In the Game of Life". Music will be supplied by a quartette composed of Rea Ginz, Aaron Kennedy, Homer Hall and Clarence Oldham. There will also be community and pep songs.

Tickets for the banquet may be had from any member of the Hi-Y club. They are being sold at fifty cents each, one ticket admitting a father and son. Those men who have no sons are urged to buy a ticket and borrow a boy from some one for the evening. Every boy above the age of ten should have an opportunity to attend the banquet leaders of the movement point out. The club is looking forward to and planning for the State Older Boys Conference at Bloomington, Nov. 28, 29 and 30. A good representation will probably be sent. It is planned to hold a second annual Older Boy's Conference at Ben Davis, early in December, at which time an effort will be made to acquaint boys of the country with the club and its program.

WORLD PEACE NOT SO NEAR, HE SAYS

Continued from Page One
"We need a world code of ethics," the speaker stated. "We need to stand up for the things that bless us, knowing that they will bless others."

He said that he saw signs of another armistice some day and that we can help to hasten the day if we will not act as partisans, but as men.

The speaker referred to the league of nations, recalling that America had not accepted it in its present form, but pleaded that none speak too harshly about it from the European point of view.

He alluded to the work of the organizations, the young people's associations and the men's clubs. Business men also, he added, should look forward to this coming armistice.

Three guests were introduced—Horace Giffin of Kansas City, Mo., H. H. Redding of Greenfield and George E. Leming of Indianapolis.

Mr. Leming and Mr. Giffin spoke a few words, the latter recalling that his father was born in this county. He praised the good roads in the county and expressed great gratification at being able to come to Rushville.

New Haven—Yale regulars will be given a short scrimmage today, which will be the only one before the Princeton game Saturday. The team rested yesterday.

Two Counties Report More Votes to be Certified for Denton, Democratic Candidate

BOARD AWAITS OFFICIAL WORD

Indianapolis, Ind., Nov. 11—Although officials tabulating the canvass of votes in last Tuesday's election will wait until the totals are obtained before making any announcement of results, reports today indicated that the count of Benjamin Willoughby, Republican, and George Denton, democrat, in the race for justice in the state supreme court from the first district, may be revised.

Howard county reported it would certify 265 new votes for Denton and Sullivan has certified 130 more for Denton in addition to the official vote already sent in.

This would apparently give Denton the lead. The first count of votes gave Willoughby a majority of less than 200.

Indiana anti-saloon league officers who opposed Willoughby issued a statement urging every precaution to secure a fair count.

TO MOVE TO RUSHVILLE

Mr. and Mrs. Donald McIntosh and daughter of Irvington will move to Rushville and will occupy the Retherford property in North Main street between 11th and 12th streets. Mr. McIntosh, who has been agency supervisor for the Massachusetts Mutual Life Insurance Co., a number of years, has been promoted to become a district manager and will have charge of the counties of Rush, Decatur, Shelby, Henry and Fayette.

FANNING WITH FARRELL

Tells How Notre Dame Does it

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, Nov. 11—"These high school sensations don't appeal much to me. Look around here at this bunch and you won't find a single one of them. Some of these boys never had their hands on a football before they reported. I'd rather develop them myself."

Knut Rockne, head coach of the Notre Dame football team, swept his hand over a big field and indicated a bunch of perhaps 150 players in football togs, among whom were about 70 in the green sweaters that identify the freshman team.

"See that young fellow there," he continued, "he never played football before this fall. I picked him out as he walked across the campus because he had loose hips. He's taking to the game like, he was born for it. Next year he's going to be a sensational halfback. Don't let anyone tell you that I bought him during the summer. They're saying things like that."

Rockne seldom pays attention to or replies to criticism or attacks upon the integrity of the Notre Dame football season. On a recent visit to Notre Dame, the writer found Rockne aroused, more to mirth than wrath, however, by a story that he organized a big summer school for coaches and kept his squad at the university all summer so that his pupils could drill the team and teach them new stunts.

"I wouldn't reply to an ass who

made a statement like that, because it is too foolish, but to other critics I will sometimes make a reply. They say that Notre Dame is a tramp team and that it plays away from home too much. To them I will say that Notre Dame is forced to travel to get games, because no good teams in the Middle-West will play Notre Dame, and, also, as long as the boys on that squad get good scholastic grades and as long as their parents do not complain that they are getting too much football, it's nobody's business where we play, when we play or how often we play.

"Some of those critics can't understand why we get so much good freshman material. They seem to think that we have some way of inducing a great high school player to come to Notre Dame. As I said before, we haven't any high school sensations here. Did you ever hear of Gipp, Crowley, Miller, Stuhldrher or Layden as sensational high school players? Of course, you didn't and neither did I."

Ann Arbor—A stiff workout and long chalk talks by Michigan coaches were intended yesterday to dispel any over confidence that might result from the recent string of conference victories.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

aftermath of war, in fire, flood and famine, as well as in the emergencies of peace, and has been found always ready to respond efficiently and effectively to the call of duty in time of distress.

The Rush county chapter is a part of the great national and international organization, and as a local unit is prepared to meet any emergency that may arise, with promptness and facility. The call to service may come suddenly, at any time. The local chapter has a small fund in the treasury, which it can retain, and which can be used for emergency service only by the maintenance of the organization as prescribed in the charter granted by the American Red Cross. The citizens of Rush county should have sufficient pride in the record and achievements of this great service organization to encourage them to contribute annually, one dollar each to its support.

NEW FURNITURE PLANT ASSURED

Factory Will be Erected Near
Rushville Furniture Co's Building
By New Corporation

STOCK SALE IS CONTINUED

L. L. Endres and R. L. Tompkins
Permit Another Buyer to Take
Shelbyville Factory

A new dining room furniture factory, to be erected beside the Rushville Furniture Co., plant was assured when it was announced that L. L. Endres and Robert L. Tompkins had decided not to buy the plant at Shelbyville, Monday afternoon, on account of the confidence shown in them by the sale of fifty per cent of the preferred stock issue of \$75,000, which they required to erect a building in Rushville.

Up to Monday night the stock taken amounted to \$37,500, just half of the amount stipulated, and teams of canvassers were at work today calling on men who did not attend the court house meeting Monday morning and were not given an opportunity by personal solicitation Monday afternoon to invest in the stock.

Present plans call for the immediate erection of the plant, which will be equal in size and will have approximately the same capacity as the present plant of the Rushville Furniture company, which is devoted exclusively to the manufacture of bedroom furniture, and is now running at capacity.

Mr. Endres has been urged by several of his customers to make a line of dining room furniture, and when he was approached Saturday by a group of Rushville men regarding the erection of a plant in Rushville, he wired the H. Hermann Furniture company of New York City of the plan.

A telegram was received from this concern Monday afternoon, saying that they were very much interested in his project to make dining room furniture and they ask how much stock they could take in the new corporation.

This expression of confidence by one of the firms who will buy the product of the new plant, it is believed, will give Rushville investors further evidence of the fact that the element of risk does not enter into this factory project, as it does when a new manufacturing concern is started.

The H. Hermann Furniture company is associated with the H. Hermann Lumber company and the S. & H. Realty company, which do millions of dollars worth of business a year and deal in immense amounts of furniture and lumber.

The H. Hermann Furniture company, it may be stated on good authority, is in good financial condition.

CLARA M. KUHN FILES A SUIT FOR DIVORCE

Charges Cruel Treatment, Neglect
and Failure to Provide in Com-
plaint in Court

TWO CIVIL SUITS FILED

Clara M. Kuhn has filed suit in the circuit court against Louis H. Kuhn, the complaint being for divorce, charging cruel treatment, neglect and failure to provide. They were married February 3, 1903, and separated July 1, 1923, according to the complaint.

They have resided in Shelbyville and on rural route 9, Rushville. She sets out in her complaint that he cursed her and called her vile names, and did not support her, which compelled her to seek employment. He left her on the day of the separation, and has since failed to live with her, according to the suit.

The Pelt-Greenstein Company of New York has filed a suit against Walter S. Mansfield of Milroy, the action being to collect on an account that is alleged to be past due, and with the demand for \$75.

The Peoples National bank has also filed suit against Harry Clifford and Harley Wilcox, the action being on a note, and the demand for \$875 judgment.

Postmaster recruiting for the Marines was started November 1 and is already bringing in good results, according to reports from the recruiting headquarters at Indianapolis.

CITY BOND ISSUE GIVEN APPROVAL

All That Remains to Complete Trans-
action is to Sell Bonds Since
Two State Boards Approve

ORDER RECEIVED HERE TODAY

Original Bond Issue was for \$30,000, But Was Reduced to \$14,500
—is Now \$14,400

The state tax board and the public service commission of Indiana have each placed their stamp of approval on the proposed bond issue for the city of Rushville for the amount of \$14,400, and all that remains now to complete the transaction is to sell the bonds.

The ruling of the state board of tax commissioners was made last week, when certain records were changed concerning the bond issue, and the approval also obtained from the public service commission. The question of the bond issue was revived at the last council meeting, when one member of the council demanded that some action be taken in the matter that had been delayed since last March.

The original bond issue, it will be recalled, was for \$30,000, which was remonstrated against, and reduced by the tax board to \$14,500 for the purchase of a fire truck and extension of a water line from the mill race to supply water. When the ruling was made by the tax board, the extension of the water line was referred to as an extension of the water mains.

Water main extension comes under the supervision of the public service commission, because it is related to the water and light plant, and when the bond issue for \$14,500 was sold to an Indianapolis bank, the transcript was found faulty because it did not include a decision of the public service commission on the water works extension.

In the meantime the original ordinance calling for \$30,000 was amended and reduced to \$14,400, instead of the allowance of \$14,500 as granted by the tax board. The rate of interest and amount of the bond coupons also were changed in the amended ordinance, and the matter was then taken up with the two commissions at Indianapolis and the stamp of approval placed on the issue.

There is believed to be nothing now in the way to prevent the bond issue being legal in all respects, and it is expected that the sale of the issue will be advertised for the near future.

The order of the public service commission, approved November 7, was received here today. The order reviews the situation here in detail as contained in the findings of the tax board, in which it is also shown that the tax board was in error in referring to the water line extension as being connected with the water works plant, and that the proposed extension could be used for no other purpose, other than for fire protection.

Upon this ground, the public service commission approved the request, and in their order, sets out the following:

"It is therefore ordered by the public service commission of Indiana, that the city of Rushville be,

FLOWER SALE YIELDS \$130.48

War Mothers Retain \$32.37 as
Their Share of Proceeds From
"Forget-Me-Not Day"

FOR DISABLED SOLDIERS

Recommended that Sum Going to
Local Chapter be Used for the
Same Purpose

The War Mothers today made their report of the sale of "Forget-me-nots" in which a total of \$130.48 was donated by the people who wore the little blue flowers Saturday and of this amount, the local chapter will retain \$32.37.

The drive was made Saturday on the streets of Rushville, in keeping with the movement throughout the state on that day to raise money for the disabled soldiers. Mrs. John Cooning, in charge of the drive for the War Mothers, reported this morning to the state department, and sent them their share of \$97.11.

The difference between the share for Rushville and the state is accounted for by expenses incurred in the drive. This was the first year that the local chapter has been given a percentage of the money received, and the share was one-fourth, after the expenses had been paid.

The drive last year netted \$118 which went to the state department for disabled soldiers. In the campaign this year, the one-fourth that is left in the community, it is urged that it be spent by the War Mothers among disabled soldiers here at home.

Mrs. Cooning spent Monday in Milroy and the sale there realized more than \$10, which is included in the above report. The drive here was a success, but it had been expected that the sale would have reached the \$200 mark, as this was the goal set by the War Mothers.

Mrs. Cooning on behalf of the War Mothers, today extended her thanks to the community for contributing to the fund, and also thanked the four girls, Betty Innis, Judith Maunz, Margaret Winship and Dorothy Rugenstein, for assisting them in selling the flowers on the streets last Saturday.

JOE LAKIN FINED

An affidavit was filed in police court Monday afternoon by Minnie Lakin against Joe Lakin, charging him with assault and battery. He appeared later and was fined \$5 and costs by Mayor Thomas, which was paid.

Bells Ring and Whistles Blow at Eleven O'clock Today

The only recognition given Armistice Day locally was the ringing of bells and the blowing of factory whistles at 11 o'clock the hour when the armistice was signed six years ago today.

The day was not observed as a legal holiday by the banks or postoffice and business went on as usual. Some reference was made to the day in the city schools, but there was no observance in the township schools. County Supt. Farthing said.

Mayor Thomas, in a proclamation Monday, asked that everyone pause during the day long enough to reflect on its significance.

COUNTY SCHOOLS WILL GET A 2 DAY VACATION

Board of Education Will Dismiss
Over Week End For Thanksgiving
Observance

The rural schools of the county will have a two day vacation for Thanksgiving this year, closing Wednesday afternoon and convening on the following Monday, according to a decision reached at the monthly session of the board of education, held Saturday at the court house.

The usual vacation for the rural schools is one day, but it was decided that the extra day vacation can be made up during the school term by combining the work, or by remaining in session on some Saturday.

The county board, composed of the township trustees, also recommended that all principals of the county schools attend the annual convention of the principals of the state, to be held November 14 and 15 at Bloomington. They also urged a 100 percent attendance of the Rush county teachers at the annual Sixth District Teachers' association to be held in Rushville December 6.

Visiting days for the teachers of the county schools was left in the hands of B. D. Farthing, county school superintendent who will designate what schools and the dates, that the teachers can visit with each other. Fayette and Decatur county trustees and school heads are expected to visit Rush county soon, to learn about the county music supervision plan that is being carried out here, and the local trustees will assist them while they are on their visit here.

FATHER AND SON'S WEEK IS PLANNED

Plum Creek Hi-Y Club, a Unique
Organization, Will Observe Oc-
casion With Banquet

JUDGE SPRINGER TO SPEAK

Effort Made to Have Every Boy Over
10 Years of Age Present—
Older Boys Conference

November 9 to 16 has been set aside as Father and Son's Week and is to be observed throughout the country by the Y. M. C. A. and its affiliated organizations. The Plum Creek Hi-Y club, which is a rather unique organization in that it is probably the only strictly rural Hi-Y club in Indiana, if not in the United States, is planning to observe the week with a series of events, starting this evening. At this time the club will hold its regular meeting in the Ging school building. The parents of the boys have been extended an invitation to attend and become familiar with the work of the organization.

On Thursday evening a Father and Son's banquet will be served at Plum Creek church. A program of songs, talks, formal and informal, and of fun has been arranged for this event. Judge Raymond Springer of Connersville will be the principal speaker, having for his subject "Father and Son, Incorporated."

Other speakers will be Oscar H. Rees and Carrol Rees speaking up.

8 INMATES OF HOME DEAD

Seventeen Seriously Ill Also at Elks
National Institution

Bedford City, Va., Nov. 11—Eight inmates of the Elks National Home here are dead and seventeen are seriously ill and not expected to live as a result of drinking cider which contained arsenic here yesterday.

The dead include Joseph A. Kenney of Marion, Ind.

All available doctors in the surrounding counties have been rushed to the home to aid those who are stricken, three going from Bedford, two from Roanoke and two from Lynchburg to aid the overworked hospital staff.

Robert A. Scott of Linton, Ind., home member of the board of trustees of the Elks has ordered that no expense be spared in aiding the sufferers.

NEW STREET TO BE TORN UP

Break in Water Mains Discovered in
Front of Baptist Church

A break in a water main at Sixth and Morgan streets, will cause a portion of the new asphalt street to be torn up, because the leak became so visible today that it is feared that the water beneath of asphalt might cause the material to decay. The leak was first noticed two weeks ago, and today the water began to surge up, appearing between the bricks that are along the street car rails.

The water will be turned off at four o'clock in the morning, while city workmen get started at tearing up the new street in front of the Baptist church in search for the break. The cause of the break could not be accounted for, because all lines were gone over carefully before the street was paved.

WORLD PEACE NOT SO NEAR, HE SAYS

Rev. Gibson Wilson, in Armistice
Day Address, Declares it Looks
Like Old Order Is Returning

ASSERTS FEAR CAUSES WAR

Local Pastor Pleads for Outlawing
of War—Several Guests at Ro-
tary Meeting

The Rev. Gibson Wilson, pastor of the First Presbyterian church, delivered an Armistice Day address before the Rotary club today noon on the subject, "The Coming Armistice," expressing the view that world peace did not appear to be as near as it did six years ago.

Dr. John T. Seidl, Jr., district superintendent of the Methodist Episcopal church, was introduced as a new member, and E. B. Thomas of San Juan, Porto Rico, a former active member of the club and now an honorary member, attended the meeting. Three other guests were also present.

"Six years ago," said the Rev. Mr. Wilson, "the bells were ringing and everyone was happy, because we were hoping things would take a different course, but it looks like the old order is returning."

The minister enumerated the new engines of war that have been devised as indicating that nations still believe war a grave possibility.

"I am lifting my voice to protect those of the future generation," he asserted, "as he pointed out that those yet unborn would have to suffer for the wrongs of today."

War is due to fear, not hate, the pastor declared, and "We as men could take hold of this great business and create universal good will."

COURT OF INQUIRY ON ARSON SUSPECT

Elsie Davis Taken to Indianapolis to
be Questioned by Newman Miller,
Fire Marshal

OTHER WITNESSES ARE CALLED

Mrs. Elsie Davis and her husband Charley Davis were taken to Indianapolis today by Sheriff S. L. Hunt and Mr. Pugh, first assistant state fire marshal, where a court of inquiry was to be held this afternoon in the state house by the officers in connection with the charge of arson preferred against Mrs. Davis.

The assistant fire marshal came here yesterday and started the investigation of the charge against the woman, who is accused of having set fire to the barn on the G. P. Maunz farm last Wednesday night.

Her husband was taken along this morning in order to be used as a witness and other witnesses were ordered to report to the office of Newman T. Miller, state fire marshal. The woman is held on a technical charge of arson, pending the investigation of the affair by the grand jury, and in the meantime the state department is taking a hand, and will assist the state in having the matter completely investigated.

RED CROSS ROLL CALLOPENS TODAY

Instructions Issued to Auxiliary Or-
ganizations in the Townships to
Make Annual Appeal

ORGANIZATION KEPT INTACT

Must be Maintained in Order to Re-
tain Charter and Fund Held for
Emergency Purposes

The executive committee of the Rush county chapter of the American Red Cross, has issued instructions to the auxiliary organizations in the various townships in the county for the annual roll call for memberships in a letter to the workers of which the following is a part:

"From this date, Armistice Day, until Thanksgiving, November 27, the Rush county chapter of the American Red Cross will conduct its annual Roll Call for memberships. Between these two historic dates, the ending of the world war, and our national festival of Thanksgiving the Red Cross invites the citizens of Rush county to enroll for service. The Red Cross has become a part of our national life, a recognized institution for good a potent factor for service in the interests of humanity.

"During the war the importance of the Red Cross service was universally recognized, and generously supported. Yet, it is a peace-time rather than a war organization. It is engaged at all times in the work of alleviating human suffering, the relief of distress resulting from disaster or calamity, of whatever character.

"The Rush county chapter has in the past, and is still doing important work in securing relief for, and rendering service to ex-service men. It is established and maintained for a year and a half a nurse service in connection with the public schools of Rush County.

"The only source of revenue for the maintenance of the Red Cross, keeping it in readiness to meet emergency, and rendering service, is the fund created by dollar membership subscriptions. It is a duty and a privilege to participate in this service.

"The achievements of the Rush county chapter should insure for it a generous support in this annual call for membership renewals."

Because no attempt has been made during the past few years to give publicity to the activities of the Rush county chapter of the Red Cross, many citizens of the county seem to think that it has ceased to function, but such is not the case. It has been tested in war, and in the

BUSINESS MEN ARE INVITED TO ATTEND

Co-operative Marketing School Will
be Held in Court House Assembly
Room Wednesday

SUBJECTS TO BE DISCUSSED

Rushville business men are invited to attend the co-operative marketing school, which will be held in the court house assembly room Wednesday at 9:30 a. m., to get an insight in the farmers' co-operative selling agencies are conducted.

The school will be conducted under the joint auspices of the Indiana Farm Bureau Federation and the National Council of Farmers' Co-operative Marketing Associations, and will be led by Walton Peete, widely known cooperative marketing authority and secretary of the council.

Subjects to be taken up in the schools include methods of financing cooperative associations; duties and responsibilities of board of directors of co-operative associations; legal responsibilities of directors; efficient management of co-operatives and relationship of Farm Bureaus to the co-operatives.

The school conducted in Indianapolis drew attendance from all parts of the state and the arrangements for a series of these schools is in response to a widespread demand from co-operative organizations that additional instruction along these lines be given.

NEW FURNITURE PLANT ASSURED

Continued from Page One

authority, would take the total output of the proposed dining room furniture factory, if the management were disposed to sell all that is made in one territory.

It is known that Mr. Endres and Mr. Tompkins have had the idea of erecting a dining room furniture factory for some time, and they always preferred Rushville, because their other plant is located here, but when the factory at Shelbyville was offered for sale in receivership proceedings, they put in a bid because it would serve their purpose and it represented an investment which they could handle.

The only thing that stood in the way of building a plant here was the financing, and when Rushville business men showed Monday that they were back of the project and willing to raise enough money to pay for a plant on ground owned and provided by the Rushville Furniture company, the local manufacturers expressed their willingness to go through with their plans here.

The stock will pay five percent dividends and is non-taxable. It is regarded as a safe investment on account of the record which the Rushville Furniture company has made. The subscriptions on the stock will not be paid in cash, but 25 percent will be required as soon as building operations are started. Interest will begin with the first payment on the stock. Other payments will be made upon call as needed to complete the building.

The following have subscribed for stock:

Charles E. Francis Co., C. E. Francis Co., for Booster's Club, Harry G. Francis, George J. Griesser, L. Link, A. L. Riggs, L. M. Sexton, George C. Wyatt, Harry A. Wyatt, Warder Wyatt, J. C. MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Masena, N. Y. — "I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. A friend who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I can't praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer." — Mrs. D. B. BUSH, R. F. D. 1, Masena, N. Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice.

These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs. Isn't it reasonable to expect the same results?

If you have pains and a dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give the Compound a trial.

"BRAINS" OF GANG GIVES UP

Brent Glascock Confesses Part in Roundout Mail Robbery

Chicago, Ill., Nov. 11.—Brent Glascock, alleged "brains" of the Roundout, Illinois, mail train robbery in which armed bandits looted the mail train of one million dollars today pleaded guilty to participation in the robbery immediately prior to calling the case to trial before Judge Cliff. With Glascock, Jeff and Joe Newton also pleaded guilty. Willie and Willis Newton previously had pleaded guilty.

The action leaves only one man to go on trial who participated in the robbery. Three others, including William Fahey, postal inspector, are under indictment for planning of the holdup.

The New Factory

The acquisition of a new furniture factory, such as the one proposed as a mate for the Rushville Furniture company's plant, to manufacture dining room furniture, is an achievement of which Rushville may well be proud.

The addition of this new enterprise will mean much to the industrial life of the city and will add to its prosperity, because nothing stimulates business like increased pay-rolls.

It is doubtful if any city the size of Rushville ever met with such good fortune as to be afforded an opportunity to locate a factory with its organization already made and a market awaiting its products.

The risk that is usually entailed in establishing a manufacturing industry is no part of this enterprise. There is no bonus required, no building to be given, no site to be provided; all that was asked of Rushville was to subscribe to preferred stock that is safe. The guarantee that is gilt-edged comes from the assurance that the business will be successful because those who will guide it have proved their ability as manufacturers of furniture.

The element of risk that is present when a new factory is established has been entirely eliminated because the buyers of furniture will know that they are buying a product with merit on account of the good name the Rushville Furniture company has already built up. They have shown their confidence in the company, which is evidenced by the fact that the plant is doing a capacity business, and they will place the same confidence in the new business because it will be under the same management and will be conducted along the same lines.

Rushville citizens who want to see the city grow and thrive showed

sound business judgment in refusing to permit the management of the Rushville Furniture company to buy a plant in Shelbyville. Time will prove that they acted wisely in inducing the heads of the organization to carry out its expansion program here, and Rushville and the company as well will profit from the arrangement.

Thrills

So many of us are in a hurry and don't know where we are going. It is characteristic of the age—constantly seeking a new thrill, a new sensation.

A young man bought a new automobile, had it a few months and boasted that he had run it ten thousand miles.

"Where have you been?" he was asked.

And he answered, "Oh no place in particular—just around."

Around expresses it—traveling around in circles.

He was out in search of a thrill that he had never experienced before. And he had been no place.

And many folks not so young are endeavoring to live on thrills.

There are people who literally tremble at the thought of being left alone at home one evening with themselves.

The art of enjoying an evening of relaxation with a good book has largely been lost, because of the nervous unrest that abounds, and the demands of the multiplying activities that take us away from home.

As a people we very generally have ceased to form opinions of our own, based upon sound judgment, and are content to accept second-hand views, being moved by selfish appeals that are based upon prejudice or greed or pettiness.

We may have wonderful machines to do our work and for our amusement, but no machine will ever take the place of the mind.

The greatness of America will spread and have a benign influence over the world, due to our per capita intelligence, rather than from our per capita wealth.

FIFTEEN YEARS AGO TODAY

The women of Little Flatrock Christian church had a corn husking today and the women worked with a will. Bert Norris, living southeast of the city, gave the women a part of the field of corn if they would harvest it and use the proceeds for the good of the church.

Homer Cole of this city and the Rev. Mr. Corter of Pennsylvania will be a series of meetings tonight at the East Street Christian church in Carthage.

One of the small children of Mr. and Mrs. Kirlin Benson, living at 806 North Morgan street, pulled the rubber hose off a gas radiator this morning and as a result there was a blaze. An alarm was immediately sent into the fire department, but Mrs. Benson had succeeded in putting out the fire with water before the company arrived.

The following markets were reported today: Wheat 1.15; new corn per bushel, 50c; clover seed, \$7 to \$8.00; spring chickens, 9c; hens, 9c; eggs per dozen 28c; butter, 20c; cattle 3 to 8; hogs, \$4 to 8.15.

Mr. and Mrs. Thomas Dawson of near Ogden, Mr. and Mrs. Cephas Edmonson, Mrs. Mary Atkins and Tom Atkins were guests of Mr. and Mrs. W. L. Cooper at dinner Friday evening. (Center correspondent.)

Mr. and Mrs. Silva Hodge and family visited Mr. and Mrs. Tom Lower and family Sunday. (Walker township.)

Misses Bertha Enbank and Bertha Helm were the guests of honor at a card party given by Miss Anna Weigand in Indianapolis today.

Miss Ida Buell and Fred Neutenheller were married at the home of the bride's parents, Mr. and Mrs. D. C. Buell, east of the city last evening at eight o'clock. The ceremony was performed by the Rev. J. F. Cowling. Miss Hazel Cox sang and Miss Olive Buell played during the ceremony.

Mr. and Mrs. Elsworth Kiser and family and Jesse Gilson and wife of Center township attended the Kiser-Thatcher wedding near Gings Wednesday night.

Miss Leona Vance and Mrs. Clarence Cross and daughter have returned from an extended visit with their sister, Mrs. Herschel Hawk, in Cincinnati.

Mrs. Lewis M. Clark and daughter Marie visited in Indianapolis today.

Mrs. Carl Hick and Mrs. Esther Horne of Indianapolis were guests of Ravilla Ferguson yesterday.

HUNT'S DAILY LETTER

BY HARRY R. HUNT

NEA Service Writer

WASHINGTON — The heat and work attached to the job of being president are not all that the voters handed President Coolidge on Nov. 4.

The compliments and perquisites that go with the office are no mean considerations in themselves.

To one of Coolidge's thirty tendencies, these mean no little in a material way toward provision for the future.

Of course all these come merely as incidentals, but New England common sense forbids that even incidentals be slighted when they may help make things more easy for a future rainy day.

CHIEF of the material emoluments Coolidge will receive as president for the next four years is the \$75,000 annual salary—payable semi-monthly. There is an additional travel allowance of \$25,000 yearly, to be drawn on as needed.

Doubtless a substantial part of this will be returned to the treasury each year during Coolidge's regime. For the president is not a gadabout.

A further direct factor of pay is the executive mansion, as residence, furnished, lighted, heated and staffed at the cost of the nation.

The presidential perquisites, however, make up an imposing list. He has a private office in the capital, glittering with gold and crystal, at which touring visitors gaze in awe.

He has a flock of the finest automobiles; a private detective and police force; a private art gallery; a private library; a private yacht when he travels by water and a private railroad train if he goes by land.

PRIVATE greenhouse supply. Fresh flowers for his desk and dinner table, and half a dozen more kinds are on call when he wants anything made.

A personal physician looks after the physical welfare of himself and his family, and he has the right of way over all telephones and telegraph wires when he wants to send a message.

He sits on fine linen which has the coat of arms of the United States woven into its texture, from china and glassware bearing the seal of the U. S.

And at Thanksgiving and Christmas most ardent admirers send in the biggest turkeys and the fattest geese to be served at the presidential table—and dignified!

WITH the election over, the immediate political party absorbing attention in the capital is:

"What will Bill Butler get out of it?"

For the opinion seems to grow more that the Boston "bad" man who managed the Coolidge campaign, both for nomination and election, will be added to the official household.

But in what capacity? As cabinet officer? As secretary of state? As foreign minister? Or what? Everybody is guessing, but a no-no one knows.

Wholly unofficially, he has been proposed for postmaster general and secretary of commerce. What either Coolidge or Butler think on the subject has not been disclosed.

Rumors have been current that Postmaster General New would not be included in Coolidge's cabinet, but that is purely speculative, based on the assumption that the post will be needed to place one purely of Coolidge's choice, and that New might like to withdraw to build fences for the 1928 senatorial fight in Indiana.

WHO will say now that George Coolidge hasn't a good sense of humor? On the very day after his overwhelming election, he threw a "graduation" at Thanksgiving.

Praise-Criticism-Suggestions-Contribution Letters to the Editor

OCTOBER 1924 HAD

TWO RED-LETTER DAYS

On October 7th two opposing generals in the World War took the position of "Pacifists," before the World Peace Congress, and on October 17th the Disciples of Christ, in convention at Cleveland passed resolutions "outlawing war among the nations of the Earth."

These reports furnish good reading. That from Berlin and the one from Cleveland is herein copied from the Indianapolis Star.

From Berlin, we read: "The two 'Peaceful Warriors' were General Versaux of France, commander of the 4th army division during the hostilities and now professor in a French military academy, and General Von Schoenaich of Germany, who was active on the Rumanian front during the war, and who is now head of the Republican Guards. They told the congress that partial gradual disarmament was impractical and declared that only complete general disarmament could save the world."

"Future war, with gas, and germs, will wipe out European civilization if permitted to break out." General Schoenaich accused the officers of the old regime who still cling to the old militaristic ideas as being "either fools or cowards."

From Cleveland we read: "Whereas, the Christian conscience of the world is more and more coming to recognize that war is neither inevitable a supreme violation of the teaching and spirit of Jesus, that it is the most colossal and ruinous social sin which afflicts mankind today, that to wage war again on a great scale, with the ever-increasing destructiveness of its weapons, would seriously threaten the existence of civilization; therefore, be it resolved etc."

The language of these reports has a very strong tendency to strip war of its glamour that lured immature youths into the ranks of folly—gone mad; but, and if we stop here we have lost the greatest opportunity of this present age. If scientific war is destructive, scientific peace is constructive; if scientific war blasts and destroys all that is beautiful in God's world, scientific peace will restore, according to a divine plan, the bloom of youth among the nations of the earth. If scientific war laid waste the cities of those nations where the plague was most viciously active; scientific peace will point the nations to "that city whose builder and maker is God."

"City Planning" is a great study of the present time, nevertheless it should be remembered that to plan an enduring city is to plan a city wherein dwelleth righteousness. War is not in itself a disease, war is

first of all a result of wrong training. War is costly, we often say; yes, but peace is also costly. The difference is that when we buy peace we get "value received," and when the nations buy war they are poorer than in the beginning.

Student travelers tell us that the hundreds of millions of "little men" in the Orient are at last awakening to Western civilization; it is up to this generation to tell what that awakening shall be. Shall it be modern war with all its horrors or shall it be the arts and sciences of a peaceful people? As the twig is bent, the tree is inclined. Western nations can make of the little brown and yellow men brothers in a common brotherhood, or they can sow the seeds that will bear a harvest of woe, if not the destruction of occidental civilization.

Europe has set the example; if the East follows that example, a hundred years will not reveal the conclusion: China alone could furnish "cannon fodder" for half a century and not reduce her population to any considerable degree but, if gas and germs enter into the program then we would need a new language and new forms of speech to record the progressive horrors.

If the world does not arise from its baptism of blood of the last decade to walk in a new life, then history must go on repeating itself in a story of pain and sorrow indefinitely. We need a new code of international ethics as well as of law. We need a new spirit, born of the Gospel of The Man of Galilee, to take away this stupendous and heart rendering folly among the nations.

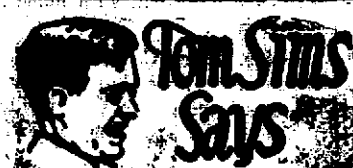

The time is at hand when the American people—the leaders of world thought—need something more than "patriotism"; or possibly they need a new spirit in their patriotism. I never see little children "salute the flag" that I do not think of those familiar words from the old book that read: "thou shalt not make unto thee any graven image, or any likeness of any thing that is in the heaven above or that is in the earth beneath."

Were those children guilty of the sin of idolatry? I leave it for the reader of these lines to answer. The national emblem of every nation under heaven, is soaked with the blood of mankind.

WAR
"Pike and pistol and dripping blade! With these are the ghosts and the glory made. A curse for a groan and a cheer for a yell—
Pale glut of hate and red-rapture of hell."

SAFETY SAM

Some people are so 'lucky that if they fell into a manhole, a cold snap 'd be comin' on 'at a bucketful o' coal 'd fall off a truck right in their hands!

The Larger Service

The larger service is not typified by the store-keeper who delivered a spool of cotton in a five-ton truck manned by three men.

Nor is it typified by the man who attempts to unload the contents of a freight car with a market basket.

The larger service consists of giving the people what they want, when they want it, at a minimum cost of time, labor and money. This, the Standard Oil Company (Indiana) does.

Cost and waste are closely related. Cost is controlled and waste is eliminated by the same factors—capable management and intensive organization.

The Standard Oil Company (Indiana) has lowered consistently its manufacturing costs by creating new and useful products from that residue of petroleum which had been acknowledged as waste.

Each new product created has been made to bear its true proportion of the manufacturing costs of all products taken from the single base—crude petroleum.

The benefits accruing from this economy have been passed to the consumer in lower prices and improved service.

Because the business of the Standard Oil Company (Indiana) is balanced to a fine point there is no slack season. A shut-down in its manufacturing plants seldom occurs. There is no waste effort or unnecessary overhead expense to be absorbed. Products flow through the manufacturing channels of this Company uninterruptedly and are sold at natural—not artificially maintained—prices.

Such a condition in the Standard Oil Company (Indiana) is not a circumstance, it is a policy—for experience has demonstrated that manufacturing cost, selling price and quantity production are inseparable.

The Standard Oil Company (Indiana) is inspired by a determination to render the most comprehensive service—the larger service. This means a tremendous turn-over, with a small profit per unit of sale.

It is on this foundation that the Standard Oil Company (Indiana) has become one of the truly great institutions of America—a constructive force for good—and an influencing factor in solving problems closely related to the social and economic welfare of the thirty millions of people in the Middle West.

"FORGET IT," IS INGRAM'S EDICT

Don't Think About Victory Over O-Hio State, But Remember Defeat by Wabash, I. U. Coach Says

OUT FOR REVENGE SATURDAY

Freshmen Eleven, Using Wabash Plays and Formations, Makes Appearance Against Varsity

Bloomington, Ind., Nov. 11.—"Don't think about the victory at Columbus last Saturday; think about the defeat Wabash gave you last year and what you are going to do next Saturday in revenge," Coach Navy Bill Ingram told the members of the Indiana university football squad in outlining his plan for the week.

Although Wabash has not had a championship record this season, Ingram realizes the little giants will enter the Indiana contest at Bloomington feeling that they have everything to gain and nothing to lose, and will prove one of the most formidable opponents the Crimson has clashed with this fall. The Big Crimson senior also is looking ahead to Purdue the following week and will drill doubly hard both this week and next to insure a well prepared team for this contest.

None of the Scrapper Hoosiers were injured in the Ohio state contest, so a short scrimmage between the second and third teams was included in the Monday afternoon practice session. The first team was given an easy drill, spending most of the afternoon in signal drill and punting practice.

The freshmen eleven, using Wabash plays and formations, made its appearance against the varsity in a long scrimmage yesterday afternoon. The afternoon was spent in attempting to break up the much touted Wabash aerial attack, which proved disastrous to the Indiana eleven last year.

Marks, Abel and Ruman are again receiving special attention in punting, as Coach Ingram realizes that Singleton is one of the best punters in the state and an exchange of punts with Indiana on the short end may prove the forerunner of a touch-down against the Crimson.

Saturday's contest will be the last home contest for the Scrapper Hoosiers, and a record breaking crowd is expected. Workmen are erecting additional seats on Indiana Field to accommodate the spectators.

Dear Mother

"I know George and Alice both need Cod Liver Oil, and need it badly as all thin, puny, run down kids do. But it gives me the most horrible shivers just to think of them taking the horrible stuff."

Instead of the nasty tasting, vile smelling oil itself why don't you be up to date and give them McCoy's Cod Liver Oil Tablets. It's the new way to take Cod Liver Oil—they are as easy to take as candy—won't upset their stomachs and surely do help sick, ailing people to get well again."

"Have pity on the poor kids, mother, and take my advice—you can get the original and genuine McCoy's Cod Liver Oil Tablets at F. B. Johnson Co., or Pitman & Wilson or any real drug store—and 60 tablets cost only 60 cents. Be sure and get McCoy's, mother—everyone says they do help the sick kiddies to grow strong and robust."

Love to all, hastily—

ALONG THE SIDELINES

Chicago—Stagg's Maroons countered the freshmen in offensive drill and a short scrimmage to perfect the diversified attack they will use against Northwestern Saturday. The team is in excellent physical shape despite Saturday's hard game.

Evanston — Development of the fighting spirit on a large scale constitutes a major part of Coach Thistlewaite's preparation for Northwestern. Captain Weinecke, will not be in Saturday's lineup against Chicago because of injuries.

Urbana—Saturday's tie caused drastic changes in Zuppke's usual practice schedule for Illinois. Scrimmage was ordered last night, the first stiff Monday work of the season. "Red" Grange was the only regular to escape the grueling practice.

Madison—Coach Ryan's Badgers worked out beneath a dreary, rainy sky in keeping with the team's spirits after its crushing defeat by Notre Dame. A "never say die" attitude took possession of the players before it was over, however.

Bloomington—Regulars were excused from practice yesterday and preparations for the Indiana-Wabash battle were delayed until today.

Columbus—Reading his team for the invasion of Michigan Coach Witte started early this week by sending his regulars through light work out.

Iowa City—Weak spots in line which came to light in the Butler game received attention of Coach Ingwersen as he got ready for Wisconsin.

South Bend—Coach Rockne excused his first and second Notre Dame teams as the Nebraska jinx battle preparations were started.

Cambridge—Len Rohb, regular end of the Harvard varsity is definitely out of the lineup for the rest of the season with a broken foot he suffered in the Princeton game.

Princeton—Princeton coaches will devote the week to keeping the varsity at the top of their game as displayed against Harvard and will not attempt anything new in the way of offensive for Yale. The players all came through in fine shape from the Harvard game but were given a rest yesterday.

Annapolis—The Middies were much cheered by the announcement that Wickhorst, powerful left tackle and Foshberg, regular back, who have been out of the lineup most of the season with injuries, would return to the team today.

Movies

Lewis Stone at Princess

One of the most unusual situations ever used in a photoplay marks "Husbands and Lovers," a First National picture, directed by John M. Stahl, which is now enjoying a sensational run at the Princess theatre. Lewis S. Stone, Florence Vidor and Lew Cody are the players who take part in the scene.

The setting is that of a country estate at night. The mansion is brilliantly lighted and from within come continuous strains of music, intermingled with laughter. Suddenly a young and beautiful woman, garbed in the costume of a bride, appears on a balcony and looks up at the sky. Within a short time she will be going through a marriage ceremony, but there is no happiness in her expression. Just as she is wiping away a tear she sees the form of a man on the lawn below.

"Jim," she cries in amazement. "Grace," replies the man, brokenly. "Do you really love Ray?"

"No," came the emphatic reply. "Please take me away, Jim."

And thus it came about that while the groom waited expectantly for his bride to appear, she was eloping with her former husband.

The program dealt with the work of romantic composers and Mr. Maupin played a group of three numbers, another group of two numbers and appeared with John Maxwell Adams, a pianist, who, with Mr. Maupin and H. T. Baer, baritone, gave the program.

District Attorney Begins Presentation of Evidence in Hawkins Trial

Indianapolis, Ind., Nov. 11.—Homer Elliott, U. S. district attorney started presentation of the government's case in the \$20,000,000 Hawkins Mortgage mail fraud trial shortly before noon today.

A jury to hear the case was secured during the morning session. Thirteen veniremen were dismissed before the jury was impaneled.

All defendants in the case were present with the exception of Morton Hawkins of Portland, president of the Hawkins Mortgage company and chief defendant, when the case was called.

Elliott in presenting the government's case declared that the Hawkins Mortgage company and affiliated welfare loan societies throughout the country had sold millions of dollars in worthless stock by representing the stock to be making eight per cent on the investment.

FUNERAL THURSDAY AT 2 P. M.

Services for Mrs. Maria Vorhis Clawson, Who Died Monday

Funeral services for Mrs. Maria Vorhis Clawson, widow of the late Joseph Clawson, who died Monday at the home of her daughter, Mrs. B. L. Traub, 715 North Harrison street, will be held at the late residence Thursday afternoon at two o'clock and will be conducted by the Rev. E. G. McKibben, pastor of the First United Presbyterian church. Friends may call any time. Burial will be at East Hill.

In addition to the daughter and two sons, announced Monday, Mrs. Clawson is survived by four grandchildren and one great grandchild, another grandchild, Marie Clawson Alexander, having preceded her in death. Mrs. Clawson was born in Hamilton county, Ohio, and came to Rush county 48 years ago. For the past 16 years she had lived in Rushville.

FATHER AND SON'S WEEK IS PLANNED

Continued from Page One
on "Son, Through Dad's Specks" and "Dad, Through Son's Specks", respectively. R. J. Duke, assistant state secretary of the Y. M. C. A., will be present and will speak upon the subject "In the Game of Life". Music will be supplied by a quartette composed of Rea Ginz, Aaron Kennedy, Homer Hall and Clarence Oldham. There will also be community and pep songs.

Tickets for the banquet may be had from any member of the Hi-Y club. They are being sold at fifty cents each, one ticket admitting a father and son. Those men who have no sons are urged to buy a ticket and borrow a boy from some one for the evening. Every boy above the age of ten should have an opportunity to attend the banquet leaders of the movement point out.

The club is looking forward to and planning for the State Older Boys Conference at Bloomington, Nov. 28, 29 and 30. A good representation will probably be sent. It is planned to hold a second annual Older Boy's Conference at Ben Davis, early in December, at which time an effort will be made to acquaint boys of the country with the club and its program.

WORLD PEACE NOT SO NEAR, HE SAYS

Continued from Page One
"We need a world code of ethics," the speaker stated. "We need to stand up for the things that bless us, knowing that they will bless others."

He said that he saw signs of another armistice some day and that we can help to hasten the day if we will not as partisans, but as men. The speaker referred to the league of nations, recalling that America had not accepted it in its present form, but pleaded that none speak too harshly about it from the European point of view.

He alluded to the work of the organizations, the young people's associations and the men's clubs. Business men also, he added, should look forward to this coming armistice.

Three guests were introduced—Horace Giffin of Kansas City, Mo., H. H. Redding of Greenfield, and George E. Leming of Indianapolis. Mr. Leming and Mr. Giffin spoke a few words, the latter recalling that his father was born in this county. He praised the good roads in the county and expressed great gratification at being able to come to Rushville.

New Haven—Yale regulars will be given a short scrimmage today, which will be the only one before the Princeton game Saturday. The team rested yesterday.

Two Counties Report More Votes to be Certified for Denton, Democratic Candidate

BOARD AWAITS OFFICIAL WORD

Indianapolis, Ind., Nov. 11.—Although officials tabulating the canvass of votes in last Tuesday's election will wait until the totals are obtained before making any announcement of results, reports today indicated that the count of Benjamin Willoughby, Republican, and George Denton, Democrat, in the race for justice in the state supreme court from the first district, may be revised.

Howard county reported it would certify 265 new votes for Denton and Sullivan has certified 130 more for Denton in addition to the official vote already sent in.

This would apparently give Denton the lead. The first count of votes gave Willoughby a majority of less than 200.

Indiana anti-galoon league officers who opposed Willoughby issued a statement urging every precaution to secure a fair count.

TO MOVE TO RUSHVILLE

Mr. and Mrs. Donald McIntosh and daughter of Irvington will move to Rushville and will occupy the Retherford property in North Main street between 11th and 12th streets. Mr. McIntosh, who has been agency supervisor for the Massachusetts Mutual Life Insurance Co., a number of years, has been promoted to become a district manager and will have charge of the counties of Rush, Decatur, Shelby, Henry and Fayette.

FANNING WITH FARRELL

Tells How Notre Dame Does It

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, Nov. 11.—"These high school sensations don't appeal much to me. Look around here at this bunch and you won't find a single one of them. Some of these boys never had their hands on a football before they reported. I'd rather develop them myself."

Knute Rockne, head coach of the Notre Dame football team, swept his hand over a big field and indicated a bunch of perhaps 150 players in football togs, among whom were about 70 in the green sweaters that identify the freshman team.

"See that young fellow there," he continued, "he never played football before this fall. I picked him out as he walked across the campus because he had loose hips. He's taking to the game like, he was born for it. Next year he's going to be a sensational halfback. Don't let anyone tell you that I bought him during the summer. They're saying things like that."

Rockne seldom pays attention to or replies to criticism or attacks upon the integrity of the Notre Dame football season. On a recent visit to Notre Dame, the writer found Rockne aroused, more to mirth than wrath, however, by a story that he organized a big summer school for coaches and kept his squad at the university all summer so that his pupils could drill the team and teach them new stunts.

"I wouldn't reply to an ass who

made a statement like that, because it is too foolish, but to other critics I will sometimes make a reply. They say that Notre Dame is a tramp team and that it plays away from home too much. To them I will say that Notre Dame is forced to travel to get games, because no good teams in the Middle-West will play Notre Dame, and, also, as long as the boys on that squad get good scholastic grades and as long as their parents do not complain that they are getting too much football, it's nobody's business where we play, when we play or how often we play.

"Some of those critics can't understand why we get so much good freshman material. They seem to think that we have some way of inducing a great high school player to come to Notre Dame. As I said before, we haven't any high school sensations here. Did you ever hear of Gipp, Crowley, Miller, Stuhldreher or Layden as sensational high school players? Of course, you didn't and neither did I."

Ann Arbor—A stiff workout and long chuk talks by Michigan coaches were intended yesterday to dispel any over confidence that might result from the recent string of conference victories.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth"

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.

Sealed in its purity package, bringing all its original goodness and flavor to you.

RED CROSS ROLL CALL OPENS TODAY

Continued from Page One
aftermath of war, in fire, flood and famine, as well as in the emergencies of peace, and has been found always ready to respond efficiently and effectively to the call of duty in time of distress.

The Rush county chapter is a part of the great national and international organization, and as a local unit is prepared to meet any emergency that may arise, with promptness and facility. The call to service may come suddenly, at any time. The local chapter has a small fund in the treasury, which it can retain, and which can be used for emergency service only by the maintenance of the organization as prescribed in the charter granted by the American Red Cross. The citizens of Rush county should have sufficient pride in the record and achievements of this great service organization to encourage them to contribute annually, one dollar each to its support.

CITY BOND ISSUE GIVEN APPROVAL

(Continued from Page One)
and it is authorized to issue and sell at not less than par \$14,400 of its bonds bearing interest at the rate of four and one-half percent per annum, dated November 1, 1924, said bonds to be in the denomination of \$300 each and divided into twenty-four equal series of two bonds each; the first series, principal and interest to mature on June 1, 1925 and one series, principal and interest each six months thereafter until all are paid.

"It is further ordered that before issuing or selling any of such securities, petitioner shall pay to the treasurer of state, through the secretary of this commission, the sum of \$21.60, the fee for the issuance of such securities prescribed in section 96 of the public service commission act."

The above order was concurred by the following members: Artman, Singleton, Douglass, and Wampler, attested by L. C. Loughry, secretary.

BATTERY EXPLODES

Frank Schaffer was seriously injured Monday morning at the John Knecht garage, where he is employed, when a storage battery exploded in his face. His eyes were severely burned and he went to an eye specialist in Indianapolis today for an examination, to determine the extent of the injuries.
